\* Exclusive of additional Beer and Spirits duties collected for Local Authorities (see Table No. 14, pp. 30-7).

† It will be observed that the net receipts brought to account in the year 1898-9, viz. £ 21,666,237 exceeded the Exchequer Receipts (see Table No. 4, p. 3), viz. £ 20,890,000

by £ 776,237

This difference is due to abnormal Clearances during the last few days of 1898-9 on account of:—

(a.) Tea, estimated at	£ 100,000
(b.) Tobacco, estimated at	£ 600,000
Total	£ 700,000

Such clearances were made in anticipation of a possible increase of the duty on these articles. The amounts thus collected in 1898-9, which properly belonged to 1899-1900, were accordingly held over and not paid into the Exchequer until after 31st March 1899.

‡ Exclusive of Local Taxation Licenses collected for Local Authorities (see Table No. 14, pp. 35-7).

NOTE.—The figures in the above Table (No. 6) give the amount of the actual net receipts derived from the Customs, Excise, Estate, &c., Duties, Stamps, and Taxes due to the Exchequer; and do not therefore correspond exactly with the figures in Table 5 of the Finance Accounts, which give the payments made to the Exchequer "Exchequer Receipts," on account of these duties in each year.

\* Prior to 1894-5 all Death Duties were included under the general head of Stamps.

† Exclusive of proportion of Duty collected for Local Authorities (see Table No. 11, pp. 35-7).

‡ The net receipts of Property and Income Tax represents the amount of Tax actually collected within the year (exclusive of the year of assessment) less the amount of Tax refunded, &c., within the year (see note 5 on page 99). The amounts under the several schedules show the approximate net receipts of the Tax based on the assessments of property and income under each schedule.

	EXCISE:— Spirits, duty reduced from 11s. to 10s. 6d. per proof gallon from 1st July, 1895 . . . . .	1st July, 1895	—	—	† 37,000
	TOTAL . . . . .		—	—	137,000

NOTE.—The loss to Revenue caused by the reduction of Taxes is in most cases less than the gain which the reduction affords to the taxpayer, because the loss to Revenue is generally recouped by an increased consumption or use of the articles taxed consequent upon the lowering of the duty. Hence the loss is not necessarily the measure of relief to the taxpayer.

\* Ultimate estimated loss. † Yield in 1892-3. ‡ Included a small estimate of sums yet to be reported. † The sums inserted here are equivalent to the gain in 1894-5 (shown in that year), when the duty was correspondingly increased. But notwithstanding the decrease of the rate of duty there was an increase of 15,000l. in the Customs Revenue from Foreign Spirits, and of 334,000l. in the Excise Revenue from Spirits.

NOTE.—The loss to Revenue caused by the reduction of Taxes is in most cases less than the gain which the reduction affords to the taxpayer, because the loss to Revenue is generally recovered by an increased consumption or use of the article taxed consequent upon the lowering of the duty. Hence the loss is not necessarily the measure of relief to the taxpayer.

\* Amount not specifically mentioned in the Budget.

† Tax now levied for Glucose is equivalent to the gain in 1903-4 (shown in that year), when the duty was correspondingly increased. But, notwithstanding the decrease in the rate of duty, there was an increase of 19,361. in the Customs Revenue from Glucose.

‡ The apparent changes in the area under grass in 1906 as compared with previous years are largely due to greater care in classification in the Irish Agricultural Returns and to the transfer of some grass lands from one category to another, while certain areas previously included as pasture are now included in a new item, "grazed mountain land."

NOTE.—Most British Joint Stock Banks are registered under "the Companies' Act, 1862," and consequently, the bulk of the Capital of such concerns is included in the figures given in the above Table. With the exception of Municipal Tramways, the majority of the Companies working tramways in the United Kingdom are registered under the Companies' Act, and their Capital is accordingly also included. Railway Companies in the United Kingdom are not incorporated under the Companies' Act, but by special Acts of Parliament, as they need powers beyond those conferred by registration under the Companies' Act. Their Capital is, therefore, not comprised in these Tables.

\* The Stannaries Court was abolished on the 1st April, 1877, under Act 59 and 60 Vict. c. 45.

† The figures given in these columns include 263 men and 415 women who, at some time before entry to the Training College, had been recognised as Certificated Teachers.

\* For years up to 31st July, 1904, reference should be made to the Statistics relating to Secondary Schools and Schools of Science contained in the Volumes of Statistics and the Annual Reports published by the Board of Education. The figures are not given here, because in many cases they include particulars which cannot properly be compared with those given in this table. The term "Secondary School" means the meaning assigned to it in the Board of Education's "Regulations for Secondary Schools."

† The figures include, as regards a comparatively small number of schools, the number of scholars on 30th November instead of on 30th June.

\* The figures compiled for years up to 31st July, 1901, relate to the Evening Schools recognised under the Evening Continuation School Code of the late Education Department. They are not therefore comparable with the figures included in this table, which relate to Evening Schools as defined in the Board of Education "Regulations for Technical Schools, etc." (Ch. 2). The year ended 31st July, 1903, was a transitional year.

† Students in respect of whom grants were paid for attendance at more than one School are counted once for each School; the number of individual Students in respect of whom grants were paid was therefore less than the number given in the Table.

- \* Excluding those in County and Borough Asylums, Registered Hospitals, and Licensed Houses.  
† The numbers given are the total paupers returned from each Union as followed on the 1st January or the 1st July including those discharged from and admitted to the Casual Wards during those days. It is probable that they include certain paupers who received relief in more than one Union on the same day.  
‡ The figures in this column represent the net total of persons relieved, after making the necessary deduction in respect of persons counted twice in the preceding columns, such, for instance, as persons who received indoor as well as outdoor relief on the days mentioned.  
§ Of the total number of inmates paupers relieved as receiving outdoor relief on the 1st January in 1893, the number shown as being in County and Borough Asylums, etc., is taken from the Reports of the Local Government Board.  
¶ The numbers of inmate paupers in receipt of Outdoor relief on the 1st July cannot be distinguished from those in County and Borough Asylums, etc., for the years previous to 1894. The numbers are therefore only included in the column headed "Net total of persons relieved."
